

Adding an Icon to your Home Screen

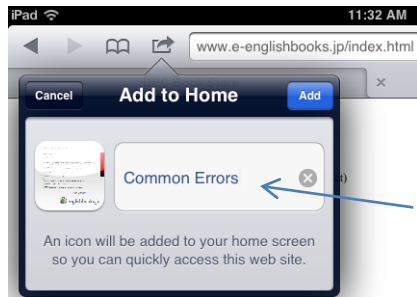

This example is for the iPad, but it will be similar for other devices, such as the iPhone, Android tablet or phone. Go to the Landing Page for the book (where the **Login** button is).

1. Tap here

2. Tap here

3. Enter a name for the book, then tap **Add**.

4. The icon is added to the **Home Screen**. Tap that to Login and quickly access your book (*internet access is required*).
